

How to Assemble Your Wedding Bag

1. Find a Bag

Be sure to thank your guests by giving them a nice bag. We recommend using a personalized tote so they can reuse it.

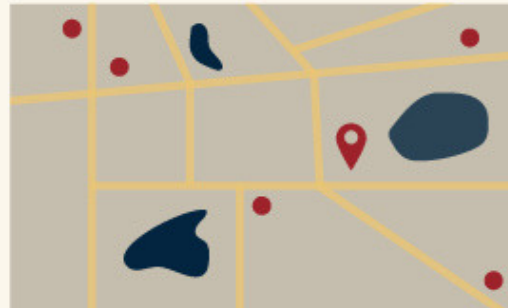

2. Provide Beverages

Guests will appreciate having something to drink and not have to purchase water. Plus, you can give them shots of local booze.

3. Satisfy Their Tastebuds

Creating a little snack pack will help with your guests' hunger. Anything homemade is a delightful treat.

4. Itineraries Help

Showing your guests the schedule will help them prepare for upcoming events.

5. Add Souvenirs

Give them a fun little item they can cherish and remind them of your wedding.

6. Medical Emergency

Include band-aids, aspirin, sunscreen, and bug spray to keep your wedding worry-free.

7. Gratitude

Thank all of your guests for celebrating with you on your special day.
