GATHER ITEMS

Soil

Pebbles

Charcoal

FIND A PLANT

Panda Plant

Aloe Vera

Echeveria

Black Mondo
Grass

Nerve Plant

Aquamarine

STEPS

STEP 1

Select a container of your choice

STEP 2

Place your pebbles at the bottom

STEP 3

Add a thin layer of activated charcoal (this will prevent bacteria and mold from growing).

STEP 4

Add soil and create holes to place your plants.

STEP 5

Add your plants and arrange as you wish!

YOUR OWN TERRARIUM
